

mTERF rabbit pAb antibody

Catalog No :	Source:	Concentration :	Mol.Wt. (Da):
A17889	Rabbit	1 mg/ml	45778
Applications	WB,IHC,ELISA		
Reactivity	Human		
Dilution	WB: 1:500 - 1:2000. IHC: 1:100 - 1:300. ELISA: 1:10000. Not yet tested in other applications.		
Storage	-20°C/1 year		
Specificity	mTERF Polyclonal Antibody detects endogenous levels of mTERF protein.		
Source / Purification	The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.		
Immunogen	The antiserum was produced against synthesized peptide derived from human MTERF. AA range:267-316		
Uniprot No	Q99551		
Alternative names	MTERF; Transcription termination factor; mitochondrial; Mitochondrial transcription termination factor 1; mTERF		
Form	Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.		
Clonality	Polyclonal		
Isotype	IgG		
Conjugation			
Background	<p>mitochondrial transcription termination factor 1(MTERF1) Homo sapiens</p> <p>This gene encodes a mitochondrial transcription termination factor. This protein participates in attenuating transcription from the mitochondrial genome; this attenuation allows higher levels of expression of 16S ribosomal RNA relative to the tRNA gene downstream. The product of this gene has three leucine zipper motifs bracketed by two basic domains that are all required for DNA binding. There is evidence that, for this protein, the zippers participate in intramolecular interactions that establish the three-dimensional structure required for DNA binding. [provided by RefSeq, Jul 2008],</p>		
Other	MTERF, Transcription termination factor mitochondrial
